LET'S DO MORE TOGETHER

# OUR PARTNERSHIP

# OUR CHALLENGES: THREE PRIORITIES

## 1/3

### TRANSITION TO WORK

Helping the c.800,000 young people not in education, employment or training to find meaningful jobs that enable progression.

## 2/3

### MENTAL HEALTH

Helping all employees to have their mental health supported in the workplace – tackling a problem whose cost is estimated at up to £99bn per year.

## 3/3

### FINANCIAL INCLUSION

Improving the financial wellbeing of 24 million people, including 5.5 million in an unfavorable debt situation.

# OUR CHAMPIONS

HM Government

LET'S DO MORE TOGETHER

# OUR MODEL

By fostering partnerships, the IEP seeks to:

## AMPLIFY

Amplifying what works to ensure more organisations adopt great practices to solving these challenges

## SCALE

Increasing the impact and reach of proven, on-the-ground solutions

## INNOVATE

Pioneering new initiatives that can establish innovative solutions to age-old problems

# The power of partnerships to AMPLIFY

## INFLUENCERS

### EXAMPLE: IEP Podcasts

IMPACT20: The National Conversation Podcast brought together leaders from across business and society to share their views on what an inclusive economy should look like for the UK.

Guests included;

- Steve Murrells, CEO, The Co-Operative Group
- Leena Nair, Global HR Officer, Unilever; and
- Emma Howard Boyd, Chair, Environment Agency.

## DIGITAL

### EXAMPLE: Portal for purpose

We have built a new website which is a dynamic and interactive home for organisations to learn from each other and collaborate. The website amplifies existing initiatives that are driving inclusive growth across the UK, aligned to the SDGs.

[www.inclusiveeconomypartnership.gov.uk](http://www.inclusiveeconomypartnership.gov.uk)

## REGIONAL

### EXAMPLE: IMPACT20 The National Conversation

We convened nine digital roundtables across the UK with over 200 local leaders across government, business, civil society and education, together with young people and activists driving change in local areas. These Roundtables highlighted the specific challenges - and opportunities - faced by local communities, which will feed into a new report.

# The power of partnerships to SCALE

Through two scale-up programmes, the IEP has supported 27 front-line organisations with proven solutions to social challenges to scale their impact to positively impact the lives of even more citizens across the UK.

**250+ introductions made to government, business and civil society partners;**

**230+ high-impact partnerships established;**

**£5m+ of investment, funding and support leveraged through the power of partnerships;**

**Most importantly, over 125k more citizens supported as a direct result of the IEP**

# BOOST Social Innovators

## FINANCIAL INCLUSION & CAPABILITY

## MENTAL HEALTH

## TRANSITION TO WORK

# The power of partnerships to INNOVATE

1. IEP Advisory Board member Nationwide ran a £3m programme, convened by the IEP, called Open Banking for Good which developed and scaled five new fin-tech organisations to help the financial wellbeing of UK citizens.

2. The IEP ran a regional pilot in the West Midlands with the West Midlands Combined Authority (WMCA) and work-placement charity Movement to Work (MtW) to cut youth unemployment in the region. This resulted in over 1,000 new placements and has now been rolled out in other regions across the UK.
